NOTRE HISTOIRE

À PROPOS — TEXTE DU SITE (FR)

Capté est né d'une idée simple : les plus beaux moments ne devraient pas se vivre derrière un écran. Une descente dans la poudreuse, un coucher de soleil entre amis, une conversation à l'autre bout du monde... On sort son téléphone, on cadre, et l'instant est déjà passé.

Avec Capté, vos lunettes deviennent votre caméra. Vous filmez ce que vous voyez, mains libres, sans quitter le moment. Masque de ski, lunettes de soleil ou verres clairs : une même promesse — vivre pleinement, et garder le souvenir.

Nous sommes une marque française, transparente sur nos produits, proche de nos clients et attachée à un usage respectueux : on filme ses aventures, pas les autres.

CAPTÉ. TOUT EST CAPTÉ.

IN ENGLISH (SUMMARY)

Capté was born from a simple idea: the best moments shouldn't be lived behind a screen. With Capté, your glasses become your camera — you film what you see, hands-free, without leaving the moment. Ski goggles, sunglasses or clear lenses: one promise. A French brand, honest about its products and committed to respectful recording.

03

LE LOGO

A large, bold, dark blue logo of the word "CAPTÉ" in a sans-serif font. The letter "E" has a unique design with a diagonal stroke. To the right of the "E" is a solid red circle, which is the "REC dot".

THE REC DOT

The red dot is the "recording" light of every camera. It says what Capté does, in one shape — and it is our most recognisable asset.

THE É

The accent keeps the name proudly French. Never drop it in the logo.

THE LETTERS

Syne ExtraBold, wide and confident, tightened by hand. The letters are drawn as outlines — always use the supplied files, never retype the logo.

HARMONY

The REC red echoes the orange mirrored lens of the Glisse goggles.

04

ZONE DE PROTECTION & TAILLES

CLEAR SPACE

Keep an empty margin around the logo equal to **the diameter of the REC dot** on every side (the dotted line). No text, image or edge inside it.

MINIMUM SIZES

Wordmark — screen	120 px wide
Wordmark — print	25 mm wide
Stacked (with descriptor)	180 px / 35 mm
Icon / monogram	16 px / 6 mm

BELOW MINIMUM SIZE

Use the monogram instead of the wordmark (favicon, app, watch face, small labels).

PROPORTIONS

Rule: REC red is a signal, not a background colour — keep it to ~5% (the dot, buttons, highlights). On light backgrounds, use **Rouge profond** for red text (contrast 4.7:1). CMYK values are conversions — confirm with the printer.

08

LES GAMMES

One brand, three lines. The name is always "Capté" + one simple French word. Each line has a light accent colour used for its tags, category banners and packaging details — the logo itself never changes colour.
